Memorandum

TO : [REDACTED] 25X1A

DATE: 11 Feb 1965

FROM : DAD/S&D

SUBJECT:

25X1A

These are the technical parameters that [REDACTED] developed. They should be considered in the testing of the equipment prior to the operation. I understand that this will be done at [REDACTED]. The assumption here, also, is that the 100 kc band width recorder will be available. Other particulars are as indicated in the basic OPD memo describing the [REDACTED] system. 25X1A
